LITTLE DADDY

SBA

What about the not-so-big guys though? We started deconstructing Mr. Daddy to develop an over-the-top offspring set to satisfy "wow" and "wearable" all over the world. The result, two-time zone Little Daddy, the impact of Mr. Daddy - minus the "BIG."

MASTER CHIEF

NSBB & ADVANCED

The Master Chief is the most senior enlisted individual and is considered to be THE technical expert in their field of command. This watch commands respect like its namesake. The layered dials are reminiscent of the naval or aviation gauges and panels found on the crafts the Master Chief commands. The linear crown guard - a fighter jet heading west off of the deck of those crafts. A leading Not-So-Basic basic - Master Chief is, approachable with that perfect twist of Diesel DNA.

MR DADDY 2.0

SBA

Diesel timeframes boldly elevates its most revered collection to a new level of signature style. Introducing Mr. Daddy 2.0, an advanced version of the iconic daddy series. Featuring an intricacy-redefining multi-layer dial, four time zones and a fresh case update, Mr. Daddy 2.0 Delivers cutting-edge design elements so far ahead of the curve, there's no point in trying to catch up. Inspired by tactical gear and gauge read-outs, this groundbreaking style is fully equipped with aggressive lug shapes, unique hardware and a highly complex dial with more dimensions and graphics than ever before.
